Dear Dr. Chang:

This acknowledges the program's communication of April 27, 2015, advising the Council on Education for Public Health of two substantive changes. We understand that the program has added new MPH concentrations in epidemiology and community health research.

The CEPH Board of Councilors met on June 11-13, 2015, at which time we reviewed and acted to accept your submission, including these new concentrations in the unit of accreditation.

In order to maintain accreditation, the program must conduct its next full review with a site visit before December 31, 2017. We look forward to your next review.

Sincerely,
